## How to Play

The game is great for workshop, centers, morning jobs.

The picture cards are scattered on the playing area face up.

Each child picks up a picture card and places it on a blends on the board if it matches the blend sound face up

The kiddo continues to play until all letters on the lotto board have a picture card.

## Teacher Tip:

- I personally like to check the boards a few times to see if they are doing it correctly. Later on I have the kiddos check each other's board. (They take this very seriously!)
- I bag each game for individual use and tape the word key on the bag. I also play it as a whole group and scatter all cards on the playing area.
